

# HuronTel TurboHub Email Setup

---

- 1) Open your email Program (Outlook Express)
- 2) Go to **TOOLS** and then **ACCOUNTS**.
- 3) Click the **MAIL** tab on the top.
- 4) On the right hand side click **ADD** then **MAIL**.
- 5) Fill in your name and go to **NEXT**.
- 6) Fill in your full email address (xxxxxxx@hurontel.on.ca) and then click **NEXT**.
- 7) Make sure it is set to **POP3** at the top.  
The incoming mail server is: **mail.hurontel.on.ca**  
The outgoing mail server is: **smtp.hurontel.on.ca**
- 8) Fill your password in and leave everything else as is, go to **NEXT**.
- 9) Now click **FINISH**.
- 10) Now you will see your account in the window. Double click it to open the settings for it.
- 11) Click the **SERVERS** tab on the top, put a checkmark in the box at the bottom that says "**My Server Requires Authentication**"
- 12) Go to **ADVANCED** on the top right.
- 13) Beside outgoing server in a white box should be the number 25. Be sure to **change it to 555**.
- 14) Click **APPLY** then **OK**. You can now click **CLOSE** on the account window.
- 15) Go to your inbox to start sending and receiving mail.
